

UV-MAX

Mobile UV-C Disinfection System

**Rapid, Chemical-Free Surface Disinfection for
Transport Trailers, & High-Touch Surfaces**

Why Choose UV-MAX?

▽ **High-Level Disinfection**

Inactivates 99.99% of bacteria and viruses on exposed surfaces

▽ **Chemical-Free & Water-Free**

No consumables, no dwell time, no mess

▽ **Maintenance-Free**

Long life, shatterproof lamps rated for 12,000-run hours

▽ **Industrial-Grade Design**

Built to perform in the most demanding of environments

▽ **Simple & Safe**

Touchscreen controls, PIR heat/motion sensor, e-stop shut-off, and audible alert

The Energenics Advantage

50+ Years of Laundry Innovation

Technical Summary

UV-C Output	320 Watts
Wavelength	254 nm
Lamp Life	~12,000 run hrs
Power	120v, 8 amp
Dimensions	30"x30"x73"H
Weight	~200 lbs
Controls	UL/cUL
Safety	PIR & E-stop +
Efficacy	Lab Tested
Warranty	1-Year Std.
